GREAT LAKES RESEARCH CHECKLIST

Prepared Cooperatively by the
Great Lakes Commission, Rackham Bldg., Ann Arbor, Michigan
Great Lakes Research Institute, University of Michigan, Ann Arbor, Michigan

No. 1 - December 1959

Bibliographies

Bibliography on Tidal Hydraulics (1954) U.S. Corps of Engineers, Committee on Tidal Hydraulics, Report No. 2 Also ibid., Supplement No. 1, Material compiled through May 1955.

Bibliography on tides and certain kindred matters. Assoc. d'Oceanographie, Union Geodesique et Geophysique Internationale, Publication Scientifique, No. 2.

Hile, R. (1952) 25 years of federal fishery research on the Great Lakes. U.S. Dept. Interior, Fish & Wildlife Service, Special Scientific Report: Fisheries No. 85.

Ingram, W. M. (1956) Supplement to "Handbook of Selected Biological References on Water Pollution Control, Sewage Treatment, Water Treatment." U. S. Dept. Health, Educ., & Welfare, Public Service, iv & 27 pp, Cincinnati, Ohio.

Verber, J. L. (1955) Bibliography of physical limnology 1781...1954. State of Ohio, Dept. of Natural Resources, Divisions of Shore Erosion and Geological Survey, Report of Investigations No. 25. Columbus, Ohio. xi & 57 pp.

U.S. Dept. Agriculture (1950) Annotated bibliography on sedimentation. U.S.D.A. Soil Conserv. Serv., Sedimentation Bull. 2, 1-351.

U.S. Dept. Health, Educ., & Welfare, Public Health Service (1953) Handbook of Selected Biological References on Water Pollution Control, Sewage Treatment, Water Treatment. Publ. Health Service Bibliography Series No. 8 Bulletin.

Van Oosten, J. (1957) Great Lakes fauna, flora and their environment. A bibliography. Great Lakes Commission, Ann Arbor. x & 86 pp.

Wisler, C. O., E. F. Brater, et al. (1950) Bibliography on beach erosion and related subjects. Research Publ. No. 1, Lake Hydraulics Lab., Eng. Res. Inst., U. of Mich., Ann Arbor. 86 pp.

Wright, S., L. H. Tiffany and W. M. Tidd (1955) Limnological survey of western Lake Erie. U.S. Dept. Interior; Fish & Wildlife Service, Special Scientific Report; Fisheries No. 139. v & 341 pp. U.S. Govt. Printing Office, Washington, D. C.

Zumberge, J.H. (1959) Bibliography of published geologic papers and unpublished theses of the Great Lakes and their drainage basins. Great Lakes Res. Inst., U. of Mich., Ann Arbor (mimeo.) 26 pp.

Publications

Great Lakes Geophysical Research Group (1959). Research Notes. (One paper on plankton, four on physical limnology, one on water sampler design, and one on Niagara River delta). Available from Division of Research, Ontario Department of Lands and Forests, Maple, Ontario.

Johnson, J. H. (1958). Surface-current studies of Saginaw Bay and Lake Huron, 1956. U.S. Dept. Interior, Fish & Wildlife Service, Special Scientific Report: Fisheries No. 267.

Minnesota, University of., School of Public Health (1958). Water movements and temperatures of western Lake Superior. O.R. Ruschmeyer and T. A. Olson. Minneapolis, Minn., 65 pp. and appendix.

Minnesota, University of., School of Public Health (1959). Preliminary investigation of nutrients in western Lake Superior, 1958-1959. H. D. Putnam and T.A. Olson. Minneapolis, Minn., 32 pp. and appendices.

New York State Dept. of Commerce and U. S. Geological Survey (1959). Chemical Quality of Surface Waters in the Allegheny, Genesee, and Susquehanna River Basins, New York, 1953-1956. F. H. Pauszek. 93 pp.

Royal Meteorological Society, Canadian Branch (1959). Symposium on the Great Lakes. (Two papers on geophysical studies and a bibliography on climate.) 34 pp. Available from Secretary of the Society, Trans-Atlantic Administration Bldg., Montreal Airport, Quebec, 25 cents.

U.S. Dept. of Commerce, Weather Bureau (1959). Climatology and Weather Services of the St. Lawrence Seaway and Great Lakes. Technical Paper 35. 75 pp. U.S. Govt. Printing Office, Washington, D. C. 45 cents.

U.S. Dept. of Interior, Fish & Wildlife Service (1959). Lake Superior Limnological Data, 1951-57. Special Scientific Report: Fisheries No. 297, 177 pp.

Active Research Projects

Canadian Meteorological Service, Ontario Dept. of Lands and Forests. An up-to-date Summary of the water budget of the Great Lakes. J. Bruce (CMS) and K. Rogers (L&F)

Illinois Institute of Technology. A study of the inhibitory substance in Lake Michigan water that is active against E. coli and related pathogenic bacteria. Leslie R. Hedrick (Prof. of Microbiology) supported by U.S. Public Health Service.

McMaster University. Physical aspects of the beach and offshore sands of Long Point, Lake Erie. T. R. Watts, Geology Dept.

Michigan, University of, Bottom sediments of the Lakeport region in lower Lake Huron. W. E. French. Geology Dept.

Michigan, University of,. Primary productivity and subthermoclinal bacterial quality of waters of Grand Traverse Bay. G. Saunders, F. Trama, R. Bachmann. Great Lakes Research Institute.

St. Johns College, Annapolis, Md. The benthos of the Straits of Mackinac. E. B. Henson. Great Lakes Research Institute.

Studies of wind control of nearshore lake currents from filtration plant data. R.L. Johnson (Mich. Dept. of Health), and J. C. Ayers & C. F. Powers (Great Lakes Res. Institute).
